

Hi Abbot, Costello:

My special thanks to you both on the Thanksgiving Day. I have no words to thank you enough for putting that show when needed most. The party I arranged at home was going okay but needed an extra push for all to enjoy. And look, what you did to turn it around! Even I didn't know that you dance and that too with a glass of wine on your head. And boy, with funny convolution steps, you put everyone on their toes dancing.

You truly lived the saying 'Friends in need are friends indeed'. Thanks you, my friends.

Have a wonderful Thanksgiving Day.

Jerry
